

**Battery Powered Remote Control**

**MOTORIZED SHADES**

For hard-to-reach Cellular, Vienna, Roman or Roller Shades – or simply for increased comfort and convenience – consider including battery-powered and remote-controlled operation with your cellular shade installation.

- ◆ Raises or lowers shades smoothly and evenly
- ◆ Battery-powered radio frequency motorization
- ◆ Virtually silent, maintenance-free operation
- ◆ Easy-to-use radio frequency remote control
- ◆ Eliminates the need for cords

*The following pages contain pricing for motorized Cellular, Vienna and Roman Shades. For Roller Shades, please call customer service for pricing.*

**Battery Powered Remote Control****MOTORIZED CELLULAR SHADES FEATURES & BENEFITS**

- ◆ Combines the Remote Control convenience with radio frequency battery operation.
- ◆ Raises and lower cellular shades smoothly and evenly.
- ◆ All limits are set by the shade in the field, for easy installation.
- ◆ The motorized system is the ultimate aesthetic time saver to simplify your customer's life.
- ◆ Eliminates unsightly lift cords.
- ◆ Great for hard to reach blinds.
- ◆ Available with all fabrics.
- ◆ Minimum Width: 28"
- ◆ Maximum Width: 96"
- ◆ Maximum Length: 96"
- ◆ System offers wireless (battery operated) automation.
- ◆ Operates shades from up to 100 feet away and does not require "line of sight".
- ◆ Operates up to 5 shades or up to 5 groups of shades.

**BATTERY OPERATION:**

Four double AA batteries are needed for each blind. The battery pack can be placed in or behind the headrail or positioned up to four feet away.

**RADIO FREQUENCY REMOTE:**

Radio frequency remote will operate individual or multiple blinds at one time.

**SURCHARGES & OPTIONS:**

Automated lift motor .....	Add \$370.00
Standard remote control* - 1 channel .....	Add \$180.00
Deluxe remote control* - 5 channels .....	Add \$214.00

*To figure your cost of finished blind take list price of standard blind, add price for motorization and remote control above, then deduct your discount.*

*\*Remote control is not included with motorized blind. Please order remote control as a separate item and add surcharge above.*

**Battery Powered Remote Control**

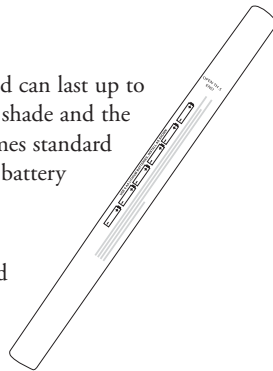

**MOTORIZED VIENNA SHADES FEATURES & BENEFITS**

**Battery Wand**

The battery wand measures 16" and comes with eight lithium batteries and is white in color. The shading must be removed from the window to change batteries.

**Battery Life**

- 12 Volt Battery Wand: This battery wand can last up to three years depending on the size of the shade and the frequency of operation. This battery comes standard with the motor surcharge. Replacement battery wands are available for \$159.
- 12 Volt Tandem Battery Wand Option: Tandem wands are two wands connected together with a wiring harness. This system can last up to five years depending on the size of the shading and the frequency of operation.

**RTS System Wireless Timer**

The RTS System Wireless Timer allows you to set specific times for your shades to be raised and lowered. The Timer can be programmed to operate at the same time or different times each day. The Wireless Timer also features a security function that will raise and lower shades randomly to give the impression of an occupied home. Commands are transmitted via radio frequency so external wiring is not necessary.

Overall dimensions:

Height and Width 3 1/8" Depth 1".

Two 1.5V DC (AAA) batteries are included in your order.

**RTS System Wireless Timer with Sun Sensor**

The RTS System Wireless Timer with Sun Sensor has identical features to the timer above, but can also be programmed to raise and lower your shades according to the intensity of incoming sunlight.

**5 Channel RTS Remote**

The 5 Channel Remote can operate up to five shades or groups of shades individually. The remote utilizes one 3V lithium battery and is included with your order.

**5 Channel Wall Switch Option**

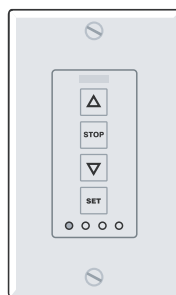

The RTS System has a wall switch option to operate the shades. The 5 Channel Switch can operate up to five shades or groups of shades individually. The switch is easy to install with a standard single gang electrical box and does not require any wiring.

Overall dimensions:

Height 4 1/2" Width 2 3/4" Depth 1 1/4".

One 3V Lithium Battery is included in your order.

*\*Please specify white or ivory when ordering.*

**DC Power Supply**

12 Volt DC Power Supply is available and requires a standard power outlet to run the shade's motor. The power supply plugs into the motor.

**Battery Operated Motorized Shade Warranty**

The fabricator warrants its motors to be free from defects in material and workmanship under normal and proper use for a period of 5 years starting from the date stamped on the motor. Mechanical, electrical and electronic accessories are warranted for one year from the invoice date.
