

Horizontal Aluminum Blinds

THE ALUMINUM COLLECTION

Worldwide's classic, always-appropriate 1/2" micro, 1-inch mini, and 2-inch blinds are available in .006 and .008 gauge slats.

- ◆ Choose from more than three dozen colors and hues to perfectly match your room décor
- ◆ Standard with hidden top loaded zinc plated metal bracket for 1/2" micro and 1" mini
- ◆ 2" standard with box brackets
- ◆ Crash proof cordlock
- ◆ Meets fire safety NFPA701 fire test #1
- ◆ Optional 1 1/2" headrail
- ◆ Optional Cordless 

Horizontal Blinds are offered in a variety of today's fashionable colors including Jewel Tones, Pearlized, Alumiwood & Metallics, offering fashion, superior quality, affordability and overall value.

Horizontal Aluminum Blinds**CUSTOM MADE ALUMINUM MINI BLIND SPECIFICATION**

- Steel Head Rail:** Standard headrail is 1" high by 1-1/8" U shaped channel. Phosphate coated vinyl primered finished with a polyester baked enamel. Worldwide also offers 1" high by 1-1/2" integrated headrail in limited colors.
- Bottom Rail:** C shaped rail, phosphate coated and vinyl primered finished with a polyester baked enamel
- Slats:** Cold rolled spring tempered virgin aluminum slat. To have normal width of 1" and be 0.006" thickness after paint, to provide maximum strength and flexibility. Slats to be finished with a polyester baked enamel. Slat with 0.008" thickness after paint is available in limited colors.
- Tilter:** The tilter is worm gear design and is in an enclosed housing and secured by means of steel rivets to prevent separation. The stem is made of clear polycarbonate, the gear of polyacetal and the housing of clear polycarbonate, prelubed prior to assembly to assure durability and ease of use.
- Tilt Wand:** Tilt wand is plastic measuring approximately 5/16", fluted with grooves for non slip grip. Wood wand and tassel is available with a surcharge for Alumiwood.
- Cord Lock:** Cord lock is secured to the head rail channel by means of steel pins to prevent dislodgement. Lock body is constructed of clear polycarbonate, floating gear and lock pins are made of brass. Cord lock is crash- proof.
- Valance:** Double slat with clips to mount to 1" headrail. Channel panel valance available for surcharge. No valance required for 1-1/2" headrail.
- Tilt Drums:** Are polyacetal with steel tape fasteners to secure ladders to head rail
- Drum Supports:** Constructed of polypropylene with steel cord pin to reduce friction.
- Ladders:** Braided polyester with spacing of not more than 0.865" and arranged for total support of slat.
- Tilt Rod:** "D" shaped and galvanized to prevent corrosion.
- Lift Cord:** Is braided polyester and of sufficient length to control the raising and lowering of the blind.
- Installation Bracket:** **Standard hidden brackets. Zine plated to prevent corrosion.** Box bracket with hinged door is also available on request. Constructed of cold rolled steel. Finished with polyester baked enamel. Coating to match color of blind.
- Tassel:** Is cone shaped plastic.
- Fire Safety:** Blind materials meet or exceed specifications required by NFPA701 fire test #1.

Gray	Chocolate	Pink	

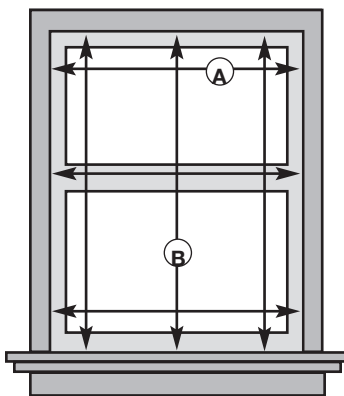

Horizontal Aluminum Blinds

MEASURING GUIDELINES

Accurate measurements are essential, for both correct pricing and proper fit. Use only a hard-edged ruler or steel tape, never a cloth tape. For inside mounts, width measurements should be rounded down to the nearest 1/8" to prevent blind from binding against the window casing.

INSIDE MOUNTING (IB)

- For **width** (A), measure across the window casing from one inside edge to the other in three places, top, middle, and bottom. Record the smallest width rounded down to the nearest 1/8".
- For **Length** (B), measure the inside area from the top inside edge down to the top of the sill in three places, left, middle and right. Record the shortest length rounded down to the nearest 1/8".
- The factory will make all the necessary deductions for inside mount.

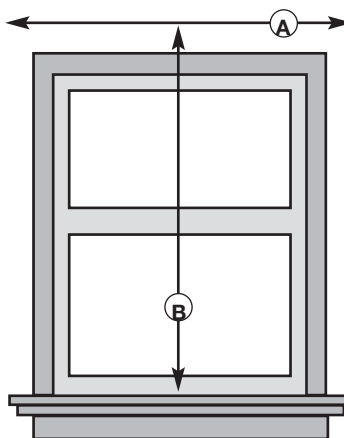

INSIDE BRACKET MOUNTING REQUIREMENTS:

- Minimum Depth of Mounting Surface Required for 1/2" micro & 1" mini. 1/2" Required for 2" 1 1/8"
- Minimum Depth Required for Flush Mount for 1/2" micro & 1" mini. 2 1/8" Required for 2" 3"

OUTSIDE MOUNTING (OB)

- For **width** (A), measure from one edge of the casing to the other, then add a minimum of 4" (2" each side), for blind overlap. Record the measurement rounded up to the nearest 1/8".
- For **Length** (B), measure from the top of the window sill up to the desired top of the blind. Again, record the measurements rounded up to the nearest 1/8".
- Outside mounted blinds are fabricated to order dimensions.

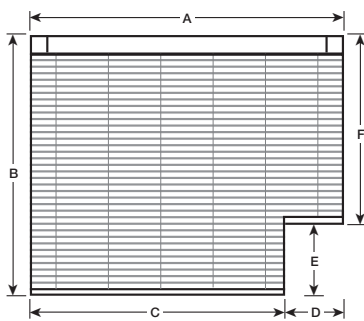

OUTSIDE BRACKET MOUNTING REQUIREMENTS:

- Minimum Mounting Surface Required for 1/2" micro & 1" mini. . . 3/4" x 1" Required for 2" 1 1/8"
- Minimum Mounting Surface Required when using an Extension Bracket for 1/2" micro, 1" mini & 2" 1 1/8" x 1 5/16"

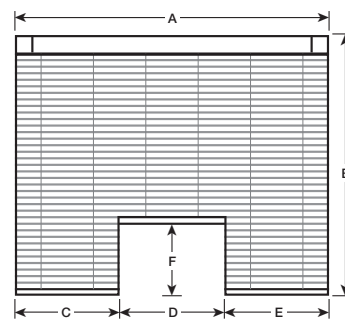

CUT-OUTS:

Cut-out blinds have rectangular areas removed from the blind to avoid obstructions (such as an air-conditioner). Cut-outs may be either from one of the bottom corners or from the bottom middle of the blind. While a template is not required, when ordering a cut-out blind, a diagram of the blind with all dimensions noted must be included.

SIDE CUT-OUT:

- A - Overall Width of Blind D - Width of Cut-Out
 B - Overall Length of Blind E - Height of Cut-Out
 C - Bottom Width of Blind F - Length of Shorter Side

CENTER CUT-OUT:

- A - Overall Width of Blind D - Width of Cut-Out
 B - Overall Length of Blind E - Bottom Right Side
 C - Bottom Left Side F - Height of Cut-Out

Horizontal Aluminum Blinds**CARE & CLEANING****ROUTINE CLEANING**

Aluminum horizontal blinds are easy to care for. Occasional dusting with a feather duster or low suction vacuuming with a brush attachment is all that is needed to keep the blind looking new. They may also be gently cleaned with a soft cloth using an over-the-counter blind cleaner.

MORE THOROUGH CLEANING

Aluminum horizontal blinds may be taken down and dipped in the bathtub using a mild detergent.

PROFESSIONAL CLEANING

Aluminum horizontal blinds may be ultrasonically cleaned for superior results.

WARRANTY**LIMITED LIFETIME WARRANTY**

Our ready made aluminum horizontal blinds carry a 2 year warranty. Our custom aluminum horizontal blinds carry a lifetime limited warranty that covers the blinds for as long as the original retail purchaser owns them, provided that the blinds were properly installed. It's the customer's assurance of satisfaction and quality.
