

Sunrise is an innovative new window blind that features two layers of translucent and opaque horizontal striped fabric. The front layer moves independently of the back allowing the stripes to glide between each other creating an open and closed effect, with unlimited light control.

- Control the light while maintaining the view, a striking new roller blind for the modern home.
- Stylish fabric that gently filters and softens daylight while offering you the option of privacy.
- A stunning alternative to the classic blind and roller shade, combining the ideal balance of privacy and light control with the fashionable, eye-catching trend of bold stripes and color blocking with color coordinated cord or metal chain control.

Color Cord Loops or Metal Chain is available. Cord Loops are available in Black, Bronze, Gray, Beige, and White. Cord Loops are available in the following lengths:

19 1/2" 69"
 29 1/2" 79"
 39" 89"
 49" 98"
 59"

Fabric Wrapped Bottom Rail is not available.

MOTORIZATION OPTIONS FOR SUNRISE TRANSITION SHADINGS

WAND CONTROL MOTORIZATION

Wand Control Motor \$162.00

Wand Motor Charger \$ 43.00

Powered by 1.1 Nm12VDC Motor, with Rechargeable Lithium-Ion Battery

Battery is re-charged by a USB charging cord which plugs into the wand handle

5 colors of wand - White, Beige, Black, Bronze and Gray

4 Lengths of wand: 2, 3, 4 and 5 feet

RADIO FREQUENCY REMOTE MOTOR

Remote Control Motor \$306.00

Powered by 1.1 Nm12VDC Motor, with Rechargeable Lithium-Ion Battery

Battery is re-charged by an AC charging cable, which plugs into the Motor head

Charging Cable is 6 ft long, Extension Cables are available

ACCESSORIES

Single Channel Remote Control..... \$43.00

Multi Channel (15 Channel) Remote Control.....\$72.00

AC Charger\$43.00

Remote and Wand Control Motors

Multi Channel Remote

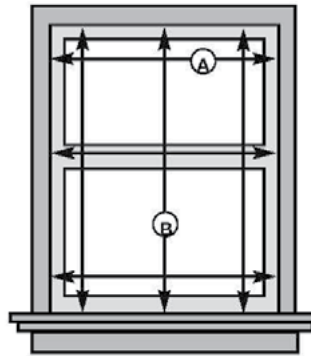

Single Channel Remote

SUNRISE TRANSITION SHADINGS MEASURING GUIDELINES

Accurate measurements are essential, for both correct pricing and proper fit. Use only a hard-edged ruler or steeltape, never a cloth tape. For inside mounts, width measurements should be rounded down to the nearest 1/8" to prevent blind from binding against the window casing.

INSIDE MOUNTING (IB)

- For **width (A)**, measure across the window casing from one inside edge to the other in three places: top, middle, and bottom. Record the smallest width rounded down to the nearest 1/8".
- For **length (B)**, measure the inside area from the top inside edge down to the top of the sill in three places: left, middle and right. Record the shortest length rounded up to the nearest 1/8".
- The factory will make all the necessary deductions for inside mount.

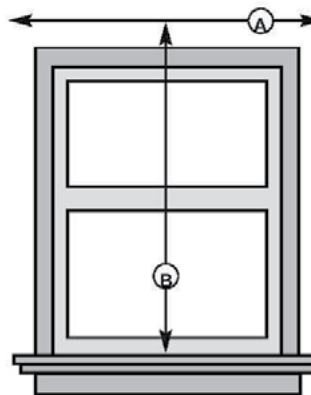

INSIDE BRACKET

MOUNTING REQUIREMENTS:

- Minimum Depth of Mounting Surface Required:..... 1"
- Minimum Depth Required for Flush Mount:..... 3 7/8"

OUTSIDE MOUNTING (OB)

- For **width (A)**, measure from one edge of the casing to the other, then add a minimum of 4" (2" each side), for blind overlap. Record the measurement rounded up to the nearest 1/8".
- For **length (B)**, measure from the top of the window sill up to the desired top of the blind. Again, record the measurements rounded up to the nearest 1/8".
- Outside mounted blinds are fabricated to order dimensions.

OUTSIDE BRACKET

MOUNTING REQUIREMENTS:

- Minimum Mounting Surface Required:..... 1"
- Minimum Mounting Surface Required when using an Extension Bracket:..... 1 1/2"

CHILD SAFETY

Be aware that it is possible for children to become entangled in loose cords. To reduce the risk of accidents, all cords must be kept out of reach of children. Please take note of your shadings cord lengths and request shorter cords when possible. Cord tensioners are included in all Sunrise Transition Shadings. Please urge customers to use them.

CARE & CLEANING

The soft, delicate feel of the fabric belies the durability of the material. Sunrise Transition Shadings are made from a sturdy, polyester fabric which can be feather dusted or vacuumed at a low setting. Spots or stains can be lightly rubbed clean with a damp sponge and mild soap. To avoid discoloration of the material, we recommend against the use of chemical cleaners.

LIFETIME LIMITED WARRANTY

Sunrise Transition Shadings carry a lifetime limited warranty that covers the shades for as long as the original retail purchaser owns them, provided that the shades were properly installed. It's the customer's assurance of satisfaction and quality.
